THE ESSENCE OF

PONTILE

IT — Progettato dal designer francese Philippe Nigro, Pontile è una libreria flessibile e personalizzabile. I montanti, vera e propria colonna vertebrale del sistema, sono costituiti da profili in alluminio estruso brunito che consentono di accogliere un listello frontale – disponibile in rovere naturale, rovere brown e in tutti i colori laccati opachi – e di regolare le altezze dei ripiani per dare ritmo alla composizione. Per rispondere alle diverse situazioni spaziali la libreria può essere completata dai contenitori base Box 18.

EN — Designed by French designer Philippe Nigro, Pontile is a flexible, customizable bookcase. The uprights, which constitute the real backbone of the design, are made up of extruded aluminium profiles in a bronze finish designed to accommodate a front strip – available in rovere brown, rovere naturale and in all matt lacquered finishes – and to adjust shelf height to give the resulting arrangement a certain rhythm. To meet different space requirements, the bookcase can be finished off with Box 18 base storage units.

LIVING SYSTEM

Overview

IT — Il cambio di passo e il gioco tra pieni e vuoti ritma la parete. In questo soggiorno **Pontile** ha i montanti in alluminio brunito, listelli frontali e ripiani in finitura rovere brown. Ripiani, schiene e contenitori in laccato opaco quarzo.

EN — The change in widths and juxtaposition of solids and voids give the wall system a certain rhythm. In this living room, **Pontile** has bronze-finish aluminium uprights, while front strips and shelves are in the rovere brown finish. Shelves and storage units in quartz matt lacquered finish.

PONTILE

Overview

IT — Libreria **Pontile**, nella versione ad angolo. I montanti sono in alluminio brunito, i listelli frontali in laccato metal brunito e i ripiani in laccato opaco cascata. Nella medesima finitura i contenitori **Box 18** con i frontali **Rays** o laccati, e le ante vetro **Zeus** creano molteplici piani per contenere ed esporre.

EN — A large L-shaped **Pontile** bookcase, with a corner solution, featuring bronze-finish aluminium uprights. The front strips are in bronze metal lacquer while the shelves are in cascata matt lacquered finish. The same finish is used for the **Box 18** storage units with **Rays** or lacquered fronts. **Zeus** glass doors showcase plenty of display or storage shelves.

LIVING SYSTEM

PONTILE

Overview

IT — Nella versione a tutta altezza, la libreria **Pontile** diventa una griglia visiva leggera che suddivide l'area living in due ambienti ampi e luminosi. Qui è proposta con montanti in alluminio brunito, listelli frontali e ripiani in laccato opaco visone.

EN — In the full-height version, the **Pontile** bookcase becomes a light visual grid that divides the living area into two large, light-filled rooms. Featured here with bronze-finish aluminium uprights, front strips and shelves in visone matt lacquered finish.

THE ESSENCE OF

WALL 30

IT – Wall 30 è la libreria a spalla portante a terra, sospesa o sovrapposta in spessore 3 cm, caratterizzata da due profondità, diverse tipologie di aperture – cassetti, cassettoni, con anta a ribalta o a rialza, battente o scorrevole – e proposta in abbinamento ai contenitori modulari Hub e Box 12. Propone soluzioni complete e funzionali per una zona giorno contemporanea.

EN – Wall 30 is the floorstanding, wall-mounted or sit-on-top wall system with 3 cm thick components, featuring two depths, various opening systems – regular and oversized drawers, pull-down, lift-up, hinged or sliding doors – and the added option of use in conjunction with modular Hub and Box 12 units. It offers comprehensive, functional solutions for a contemporary living area.

LIVING SYSTEM

Overview

IT — La libreria **Wall 30**, realizzata in finitura rovere brown e schiena in laccato opaco bianco, diventa quinta architettonica della stanza dedicata alla lettura. Grazie alla modularità che la contraddistingue, è possibile creare un sistema a parete con doppio passaggio.

Close-up

IT — I contenitori pensili **Hub**, proposti in versione laccato opaco cipria, donano ritmo e colore al sistema. La loro struttura è disponibile in tutti i laccati opachi o laccati metal, la schiena è inoltre disponibile in ecolegno, finitura decor e super-matt.

EN — The **Wall 30** bookcase shown in the rovere brown finish with bianco matt lacquered back panel becomes an architectural divider for the reading room. With its distinctive modular design, it can be used to create a wall system incorporating two doorways.

EN — The **Hub** wall units, featured in a cipria matt lacquered version, inject rhythm and colour into the system. Their structure is available in all matt lacquered and metal lacquered colours; the back panel also comes in eco-wood, decor and super-matt finishes.

WALL 30

Overview

IT — La libreria **Wall 30** a terra e sovrapposta, con struttura in laccato opaco quarzo, presenta molteplici vani dedicati al contenimento ed è arricchita dalle ante in vetro **Era** con telaio in alluminio brunito e dall'anta in laccato lucido quarzo. Completano la composizione i contenitori base a terra **Box 18**, con frontali **Rays** apertura push-pull, in laccato opaco quarzo.

EN — The **Wall 30** floorstanding and sit-on-top bookcase, with quartz matt lacquered structure, features plenty of storage compartments and is embellished with **Era** glass doors with bronze-finish aluminium frame and a door in the quartz gloss lacquered finish. Adding the finishing touch to the arrangement are the **Box 18** floorstanding base storage units with push-to-open **Rays** fronts in the quartz matt lacquered finish.

Close-up

IT — Le vetrine **Era**, con vetro trasparente e telaio in alluminio brunito e maniglia verticale laterale, impreziosiscono la composizione. Mensole retroilluminate con luce LED.

VERNICI ALL'ACQUA WATER-BASED PAINTS

IT — Consapevole dell'importanza della salvaguardia del patrimonio naturale, Novamobili è impegnata attivamente per la sua conservazione. Dal 2005 ha installato un esclusivo sistema di laccatura opaca all'acqua che riduce di oltre il 95% l'emissione di solventi inquinanti in atmosfera. Una scelta che corrisponde alla volontà di promuovere la sostenibilità ambientale e l'impegno nel creare un prodotto di qualità, sicuro per la salute dell'uomo, nel rispetto della norma europea EN 71.3.

EN — Aware as we are of the importance of safeguarding our natural heritage, Novamobili is increasingly committed to its conservation. Since 2005, we have been using an exclusive water-based matt lacquering system, reducing the emission of polluting solvents by over 95%. A choice that reflects our desire to promote environmental sustainability and our commitment to creating a quality product that is safe for people, in compliance with European standard EN 71.3.

ECO-COMPATIBILITÀ E QUALITÀ ENVIRONMENTALLY FRIENDLY AND TOP QUALITY

IT — Le vernici all'acqua, applicate con impianti moderni ed efficienti, offrono una resa superiore a quelle tradizionali: le superfici trattate si presentano distese, morbide al tatto e mantengono un'ottima brillantezza dei colori, un'eccezionale durezza e resistenza chimico-fisica della finitura nel tempo.

EN — Water-based paints, applied with efficient modern equipment, give much better results than traditional paints: the treated surfaces are smooth, soft to the touch and maintain excellent colour brilliance, producing a finish with exceptional lasting hardness and chemical and physical resistance.

PANNELLO ECOLOGICO ECOLOGICAL PANEL

IT — Per Novamobili qualità significa rispetto per l'ambiente e per la salute del consumatore. Per questo vengono utilizzati pannelli nobilitati atossici nel pieno rispetto della normativa Europea classe E1. Il Pannello Ecologico è realizzato esclusivamente con reimpiego di legno, mediante un processo produttivo di qualità certificata che rispetta l'ambiente perché non comporta l'abbattimento di alberi.

EN — For Novamobili, quality means respect for the consumer's health and the environment. For this reason, we use non-toxic foil-wrapped panels to European class E1. Our Ecological Panel is made entirely of recycled wood by a quality-certified production process that is environmentally friendly as it does not involve felling trees.

IT — La qualità Novamobili è certificata secondo le direttive dell'Unione Eurasiatica.

EN — Novamobili quality is certified in compliance with the Eurasian Union technical regulations.
